

THE SCHOOL OF THE WISDOM

EXPLORATION DAY

A Contemplative Walk through Nature and History at the Adyar Campus

with
Shikhar Agnihotri

A contemplative walk through nature and around the sacred surroundings of the Theosophical Society headquarters is a unique experience. It certainly qualifies as a "Life-changing moment." Since Blavatsky and Olcott first arrived at this location in 1882, it has had a profound impact and significance in the TS. Along with having a strong spiritual influence, the ashram also functions as a sort of "green lung" for Chennai owing to its unusual geology and topography, which is home to a diverse range of flora and fauna. Welcome to the Master's Home.
