### Michele Sender and Pablo Sender, PhD

Since its publication in 1888, *The Secret Doctrine* has been a source of inspiration for generations of Theosophists worldwide. However, this work is often seen as little more than a theoretical collection of metaphysical and abstract teachings on the origin of the Universe and humanity. In this session of The School of the Wisdom, Pablo and Michele will offer a program highlighting the transformative power that *The Secret Doctrine* can have in our spiritual journey. They will share practical exercises that participants can apply in their daily lives to bridge the gap between theory and practice.
