

# THE NINETY-FOURTH SOUTH INDIA THEOSOPHICAL CONFERENCE ADYAR

14 – 16 April 2017

Theme: **Theosophy — Defining the Indefinable**

Venue: Headquarters Hall

*Theosophy is the shoreless ocean of universal truth, love, and wisdom, reflecting its radiance on the earth; the Theosophical Society is only a visible bubble on that reflection. Theosophy is divine nature, visible and invisible, and its Society is human nature trying to ascend to its divine parent. Theosophy, finally, is the fixed eternal sun, and its Society the evanescent comet trying to settle in an orbit to become a planet, ever revolving within the attraction of the sun of truth. It was formed to assist in showing to men that such a thing as Theosophy exists, and to help them to ascend towards it by studying and assimilating its external verities.*
