

**11th World Congress of
the Theosophical Society**

Consciousness,
Contemplation,
Commitment:

The Future
is Now

In Singapore 4 - 8 August 2018

Our Program

The theme of the 11th World Congress is “**Consciousness, Contemplation, Commitment: The Future is Now**”. Our present actions shape the future. It is the work we do now that determines how the Theosophical Society will look in the years to come. During this Congress we would like to invite you to impact the NOW by participating in the lectures, explorations and group discussions.

The Congress will kick off on 4 August with registrations, opening ceremony and a lecture by International President Tim Boyd.

Each day we will explore subjects on the theme. This will include talks and also opportunities to express your ideas and opinions in group discussions. Each afternoon we will have sessions where we dive deeper into some selected topics. During the days, the focus is on:

Consciousness about the future of the TS

The Contemplative aspect of the Work

The Way to commit to and share Theosophy

This Congress, as each of the earlier ones, is for empowering all of us to actively participate in the NOW to manifest our shared vision of the future for the Cause.
