

THE NINETY-FIFTH SOUTH INDIA THEOSOPHICAL CONFERENCE

ADYAR

30 March to 1 April 2018

Theme: The Illumination Must Come from Within

Venue: Headquarters Hall

“ . . . The function of Theosophists is to open men’s hearts and understandings to charity, justice, and generosity, attributes which belong specifically to the human kingdom and are natural to man when he has developed the qualities of a human being. Theosophy teaches the animal-man to be a human-man; and when people have learned to think and feel as truly human beings should feel and think, they will act humanely, and works of charity, justice, and generosity will be done spontaneously by all.”

— *HPB’s letter to 2nd American Convention*
